## PLAN TO LAUNCH THIRD SHIP JUNE 21

Vanada Will Leave Ways at Virginia Shipbuilding Plant

### ASKED TO DECORATE

**Every Merchant on King Street Urged to Decorate on Occassion.—Employes of Company Contribute $565.**

The Gunston Hall, the first 9,400 ton ship constructed by the Virginia Shipbuilding Corporation, will leave the yards of that company next Sautrday morning for Norfolk from whence it will sail for Australia on its maiden voyage.

This ship has been turned over by the United States Shipping Board to the Barber Steamboat Company. Announcement was made today by the officials of the Virginia Shipbuilding Corporation that the Vanada, the third ship built by that company, will be launched Saturday, June 21. The hour for the launching has not yet been determined upon, although it is expected at the launching probably will take place at 2 o'clock in the afternoon.

Hope is expressed that the merchants of Alexandria will decorate on that ocasion.

A representative of the concern today in speaking with a representative of the Gazette remarked that the merchants of Alexandria without exception appeared to be satisfied with the business brought to Alexandria by this company and its employed, but few of them displayed an interest whatever when they were asked to decorate for the two previous launchings. He pointed out that many of the employes resented the failure of the merchants to decorate and intimated that had the company been located in any other city in the Unted States other than Alexandria the merchants would have surely shown their appreciation by decorating.

It was further pointed out by the official that the business of most of the merchants has doubled, solely due to the coming to Alexandria of this company Hope is therefore, expressed that on the ocasion of the launching of the Vanada everybody in Alexandria, especially the merchants, will decorate, as they have demonstrated they can decorate.

The individual employes of these yards have just contributed the sum of $565 to the Welcome Home Committee for its celebration and three other departments are yet to be heard from. This amount was given voluntarily by the employes and the time in soliciting was given by officials of its company who are willing to do anything reasonable to help any cause featured in this city.

**ATTACK ON RADICALS**

**Gompers Declares Workers Will No Sacrifice Ideals They Fought To Preserve.**

Atlantic City, N. J., June 10.—Delegates representing more than 3,000,000 American working men and women at the opening session of the American Federation of Labor yesterday put the stamp of their disapproval on the ideas of radical agitators and prepared to deal with reconstruction problems of vital importance to organized labor.

Opportunity to show their lack of sympathy with the efforts of radicals came during an address by Governor Runyon, of New Jersey. Referring to a meeting in New York Sunday night the Governor asserted that "the men threaten that unless things are settled their way chaos will resul."

He paused a moment and then declared:

"I know that American labor and this convention, fraught as it is with such potential consequences, have no sympathy with any ideas that are not constructive. I know you are out of harmoney with destructive creed You think along sane lines."

A burst of applause from the floor quickly swelled to a roar.

Governor Runyon paid a high tribute to the loyalty and patriotism of American labor, and told the convention that, by reason of what American workingmen had done for the world and civilization during the war what they did during the days of reconstruction was a matter of concern to toilers everywhere.

Samuel Gompers, president of the American Federation of Labor, sounded the keynote of the convention when he said in his opening address that organized labor was determined political or industrial tyranny should have no place in America.

Mrs. Tom Mooney attended the opening session yesterday in an attempt to have the Federation demand the release of her husband, who is serving a life sentence in San Quentin, Cal., jail. W. D. Patterson, Denver, of the International Workers Defense League distributed booklets asking for the backing of all labor and it was openly said that a move was on foot to have a general nation wide strike declared on July 4 in protest against Mooney's continuing in jail. However, the opposition to this move as an official act of the Federation is said to be so strong on the part of the more conservative delegates that the proposal will never be brought before the convention.

## THE JUBILEE WEEK

Most of King street and part of Washington street teemed with humanity last night. These thoroughfares were brilliantly illuminated, and bands discoursed enlivening music. The police cleared King street of automobiles early in the night, and members of the force were scattered here and there for the purpose of suppressing any disorder which might arise on the occasion of such large gatherings. There was nothing, however, in the way of disorder, and the services of the officers were not invoked.

King street is suggestive of antiquated pictures of "Vanity Fair," in Bunyan's Pilgrim's Progress. Shows are everywhere, and the notes of "barkers" are decidedly in evidence.

Ten years ago, "Home coming Week' brought the mass of the population into the streets. But the bulk of the gathering on that occasion were Alexandrians native and to the manner born. It is not so now, as thousands of new faces have appeared in our community during the past eighteen months. Our new citizens were out in force last night and vied with natives in making Jubilee Week a decided success.

The week will be given over to a round of merriment. Residences and business houses in King street the main thoroughfare of the city and in many of the other streets, have been elaborately decorated and each night will be brilliantly illuminated.

## DEFYING THE PRESIDENT

Partisanshp wins. It has put one over on the President. It has successively derided him, defied him and defeated him. It has made the tentative draft of the treaty of peace a public document, contrary to the express judgment of the President and contrary to the absolute assurances which he gave to the governments associated with the United States in war upon the Central Powers.

As a Washington correspondent says "in doing this the Senate disregarded all the properties and all the decencies of international relationships, but that does not matter so long as the Lodge-Borah-Johnson combination gets in its heavy work. That triumvirate hates Woodrow Wilson with an intensity that is almst unbelievable and its members are out to scalp this preminent Democrat, no matter what the consequences may be. They are determined to discredit him before the whole world, even though, as Senator Hitchcock charged with terrible vehemence yesterday, the Republican leadership leagues itself with Germany. "Only two days ago the Senate in a formal resolution requested the President to submit to it the treaty of peace "if not incompatible with the public interest." Almost before that resolution of the State could be signed, sealed and delivered to the Secretary of State, much less the President himself, the same Senate voted overwhelmingly to make a public document of a draft of that instrument brought to the United States by a newspaper correspondent.

"This acton, of course, violated every element of courtesy and good taste, but that did not matter. The main thing was to badger the President, to embarrass him in every possible way and to add to the difficulties of his position in the Peace Conference. And this it is that triumphed yesterday; that gloriously hamstrung the spokesman of the republic and is now celebrating the first genuine victory of the new majorities in the House and Senate."

## PRINCESS CHARLOTTE

Belgium has sequestered the property of the mad Princess Charlotte, one time Empress of Mexico. Ruin, collapse, execution and madness have all stalked her life. Now, at 80, she is dispossessed of her property, by Belgium, her own country. Her $16,000,000 property has been taken over with that of other "enemy aliens" and she will have to show cause for its return.

Princess Charlotte was the only daughter of Leopold I. of Belgium.

The New York World in speaking of "Poor Charlotte," as she was called half a century ago, says" in her day Charlotte was accounted one of the loveliest princesses in Europe. Her marriage to the Archduke Maximilian, brother of the Austrian Emperor, was youthful and sentimental, one of the rare love matches among men and women of the purple.

"Maximilian and Charlotte were still treaclemooning at Miramar when Louis Napoleon selected the Austrian Prnce for the imperial throne in Mexico, where the French monarch was trying to establish a great American dependency as part of his farflung scheme. Maximilian and Charlotte went in 1864 and mounted the throne at Chapultepec. Next year the American Civil War came to an end and this country had time an denergy to devote to the Monroe Doctrine and its enforcement.

Louis Napoleon was abrutly informed that his withdrawal from Mexico was desired. He recalled his troops, Charlotte, seeing disaster inevtable, hurried to Europe and rushed frantically from Napoleons court to the Vatican and back, pleading tragically with the Little Napoleaon and with Pius IX. for aid, Both refused. She sent urgent word to her husband, begging him to renounce the Mexican throne and return to Europe. But it was in him to flee and desert his followers to the harsh mercies of Juarez.

After a year of desultory campaigning Maximilian was totally defeated and captured by the Juarists. A little later he was backed up against the convent wall at Queretaro and shot to death with two of his generals.

On receipt of the news Charlotte went stark mad, and mad she has been ever since, groaning and sighing about the great, empty halls of Bouchout, groping through mental night for the lost Emperor of a misbegotten empire. She was 27 then. She s nearly 80 now. And still in the hands of misfortune.

## EPIDEMIC OF STRIKES

The strike fever rages the world over and not in the United States alone. In Buenos Aires, where a general strike took place not long ago, a walkout of printers has led the newspapers to suspend issue. In avana a general strike went into effect on May 24. In Australia the seamens union has entered upon a strike that threatens to cut off the coal supply and shut down industries. In Canada the general strike has soread from Winnipeg to several of the other Western cities.

The Old World suffers likewise. Paris endures a shutdown of its transit system, due to the strike of transit employees and electrical workers. But the city is perhaps less preoccupied with its immediate difficulty than with the report that several other divsions of manual workers, in public service and private industry, alike, are meditating walkouts. In the Calais coal mining district the colliers art out. In England, where a general strike has been averted through important promised political concessions, unionized policemen in London and other leading cities are nevertheless talking of immediately dropping work. —(Baltimore News.

It takes 2 or 3 seconds to apply "Gets-It"; you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. ### NO TROOPS TO BORDER

**General Cabell Advises War Department They Are Not Needed.**

Washington, June 10.—Major-General Cabell, commanding the Southern Department and the Mexican border, in a special report to the War Department yesterday advised against any increase in forces at this time. The forces now under his command, General Cabell said, were sufficient to handle any contingency that could be foreseen.

The report was in answer to a specific query from the War Department regarding the recommendation of Governor Hobby, of Texas, that the First and Second Brigade of Texas National Guard Cavalry be called into service to reinforce the border guard.

This excerpt from General Cabell's report was made public:

"No trouble anticipated on border except very small raids for purpose of stealing and personal feuds. Situation can be controlled by troops now here. In general, there is peace on the border and has been for the past eight months.

"At present see nothing alarming in situation and no reason for calling Texas troops."

Mexico City, June 10.—The city of Chihuahua, which Villa was reported to hold, was entered Saturday by Federal troops commanded by Gen. Manuel Dieguez, it is announced from the offices of President Carranza.

It was added that General Dieguez would remain in Chihuahua to await orders before continuing the campaign against Villa. The official announcement set at rest various reports regarding the situation in Chihuahua.

The Mexican Government has ordered the withdrawal of the Mexican delegates from the Pan-American Commercial Congress as a protest against the speech recently made before the congress by Speaker Gillett of the House of Representatives.

### EXPECTS TO START IN 10 DAYS

Paris, June 10.—President Wilson is now regarded as probable, will leave France for the United States within 10 days or two weeks.

### TREATY PROBE BEGUN

**Senate Committee Votes to Summon New York Financiers**

Washington, June 10.—In its investigation of how copies of the peace treaty reached New York the Senate Foreign Relations Committee yesterday subpoenaed Jacob Schiff, Thomas F. Lamont, H. P. Davison, Paul Warburg, J. P. Morgan and Frank A. Vanderlip.

Mr. Lamont was requested to bring with him any correspondence which passed between J. P. Morgan & Co. and its Paris and London agents regarding the treaty, and particularly any communications on the subject between the banking house and Mr. Davison while the latter was aboard.

The committee also adopted unanimously a motion by Senator Fall, Republican, of New Mexico, inviting Acting Secretary Polk to appear as a witness and to take part in the inquiry by cross-examining witnesses and other wise.

All of the financiers named except Mr. Vanderlip were called at the suggestion of Senator Borah, Republican of Idaho, who told the committee he was convinced that each of them was familiar with what the treaty contained. He said he could not be sure that any one of them actually had a copy, however, because he never had seen a copy in their hands.

**PALE FACED WOMEN TAKE PHOSPHATES TO MAKE ROSY CHEEKS AND BEAUTIFUL FORMS**

**Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies**

**Atheletes increase their strength, energy and endurance 200 per cent or more by simply taking a few weeks treatment of Argo-Phosphate**

Atlanta, Ga.—Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out, or looks haggard and pale to make a strong, robust, vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim vigor, and vitality to the whole body. I always prescribe Argo-Phosphate to patients who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty.

There can be no rosy cheeked, healthy beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequence of a deficiency of Phosphates in the blood of American men and women. I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak worn out, haggard looking me nand women. When the skin is pale, and flesh flabby, it is a sign of anemia. When the phosphates go from the blood, the pink cheeks go too. The muscles lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore if you wish to preserve your youthful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of Phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates recommended and prescribed by physi most easily assimilated.

NOTICE.—Argo-Phosphate which is recommended and prescribed by physicians in all anemic cases, is not a secret or patent medicine, but one that is sold and recommended by well known druggists everywhere, and physicians are daily prescribing the constituents contained in it. Being entirely unlike many other Phosphates, it is easily assimilated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution $200. if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent, or more in one month's time, if they are free from organic trouble. It is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

### STARTED WAR TOO LATE

**Military Writer Admits That Former Emperor Influenced by Certain Personalities**

Berlin, June 10.—General Friedrich A. J. Bernhardi, the military writer, under the title "Kaiser Wilhelm and Responsibility for the War," declares that the former Emperor's only guilt was in not beginning the war early enough when his opponents were not equipped, and takes the viewpoint in favor of preventive warfare.

He says of the Kaiser: "To the last moment he believed Russia would surrender its inimical intentions, and England would not take part in the fight. In this belief he negotiated to that end and only with difficulty could he be induced to take up the gauntlet that had been thrown down to him."

General von Bernhardi admits, however, that certain personalities influenced the Kaiser's assumption of the gauntlet.

### ARMISTICE WITH JUGO-SLAVS

Geneva, Switzerland, June 10.—The signing of an armistice by the Austrians and Jugo-Slabs is reported in advices reaching here. The armistice was agreed upon following the occupation by the Jugo-Slavs of the town of Zollfeld. It is stipulated that the towns and districts of Klagenfurt, Rosseg and Volkermarkt are allotted to the Jugo-Slavs, while St. Veit, Villach and the Tarvis Railways were given to the Austrians.

The armistice terms provided that there should be a neutral zone of ten kilometres between the lines of the opposing forces.

### JUNE 15 AS TIME LIMIT

**Reply Will be Handed Germans Friday and Five Days' Grace Given**

Paris, June 10.—It has been decided by the Allied and associated governments that the reply to the German counter-proposals will not be delivered before June 13, The reply will give the Germans a period of five days in which to accept or reject the treaty.

The Council of Four spent yesterday morning considering the various reports submitted by the commissions which had been dealing with features of the answer to the German proposals.

The commissions which have been examining the questions of the Sarre basin, Alsace-Lorraine and the left bank of the Rhine have presented their reports to the secretariat of the conference. Several other commissions have not yet completed their work.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respector of persons. It attacks young and old alike.

In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indication of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haarlem Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand, in sealed packages, three sizes.

As the reports of all the commissions on the German counter-proposals had not been received the Council of Four adjourned until today without action. The Pence Conference Commissions on Colonies, Prisoners of War, responsibilities and the labor, military and naval clauses of the treaty, in their reports to the Council of Four, the Echo de Paris says it learns, urged the rejection of the German counter-proposals as far as the several commissions are concerned.

Premier Clemenceau, Col. E. M. House and Lord Robert Cecil have examined the terms under which nations other than the founder members may be admitted to the league of nations. Their report, which modifies somewhat the covenant so as to render the admission of Germany easier, was submitted to the Council of Four yesterday.

The movement to admit Germany to the league of nations is due mainly to the desire to avoid the possibility of the formation of another group composed of rival powers, which would embrace Germany, Russia and the old Teutonic group.

Evidences have reached the conference leaders of late that influences are at work in Germany and Russia to establish relations as a basis for a combination of powers not in the league. While not regarded as imminent, it was felt that the danger of such combination always would be present while Germany was outside the league, and the admission of Germany therefore was recommended as a means of subjecting her to the same obligation as the Allies under the league of nations.

Many Masters

We who serve the nation by providing its meat have many masters.

There are hundreds of thousands of stock raisers, asking for a quick market and a high price for their stock.

There are the millions of consumers looking to us, through tens of thousands of retail dealers, for a constant supply of meat at as low a price as possible per pound.

There are the thousands of wage earners properly eager to earn more.

There are the 25,000 holders of Swift & Company shares—8,000 of them women—who have a right to expect reasonable returns on their investments.

There are the hundreds of competitors, big and little, alert to discover, for their own advantage, any momentary breakdown or lapse in our service.

In all our activities we try to deal on a basis of equity, so that all may benefit and none be injured by the advantages that go with organization, wide scope, and efficient management.

And this service of Swift & Company is performed at a profit of a fraction of a cent per pound.

**STRIKE OF METAL TRADE**

Richmond, Va., June 10.—Spurred by the success of their strike in Norfolk Water Front Federation, composed of metal workers, have extended their outposts to this city.

Last night they met a delegation of strikebreakers from Northern cities, and, according to a statement made by one of the committee of two from the seaside city, persuaded a number of the men to return to the cities whence they came.

It was learned authoritatively that the strike in Norfolk was brought about through the union asking recognition. When this was denied the men went out. The strike has been brewing since April.

This is a week of festivities let's give our returning soldiers a joyous greeting, such as they have never had before from their home folks. They have done there bit now let's do ours. We must show them our deep appreciation for there valued service at the front, at the same time you will want flags, confetti big and little horns and noise making devices. Lets all have the time of our lives as this welcome may only come once in a life time. So toot your horn the louder the better. Everybody comes to a full stop at TUTTS PEANUT MARKET for all the noise machines. 138-2p.

Lewistown, Pa., June 10.—George Boyer, 63 years old, of Port Royal, died at a local hospital yesterday from a bullet wound sustained May 19, when John Turbett was shooting at a carp in the Juniata River with a target rifle and the bullet glanced striking Boyer in the groin. A ruptured artery was the immediate cause of death.

### BOYCOTT CHURCHES

**Ministers Refused to Welcome "Wet" Soldiers**

Morris, Ill., June 10.—Soldiers returned from overseas have resented the action of five ministers who have carried their interference with personal liberty too far to suit the dough boys. By the use of an entirely new weapon—a boycott of churches—they have compelled four of these clergymen to apologize and the fifth is still feeling its effects.

All the clergymen are leaders in the Anti-Saloon League and the Prohibition movement and in general what the soldiers call "the uplift."

The leader of the other side has been Sergt. Frank Flood, lately of the "Bucks" the One Hundred and Forty-ninth Artillery, which was attached to the Rainbow Division. He was the first man in Grundy county to enlist, giving up a good law practice.

"I enlisted without the aid of reformers," he added. "I fought without their aid. I can die without their aid, and I was lucky enough to get through without their aid."

When Sergeant Blood and some of his fellows returned the people of Marris gave them a most enthusiastic welcome but the ministers refused to take any part in it.

Memorial Day came and not one of the soldiers who have returned took part in the parade, under the leadership of ministers, nor in the exercises after it. Nor did any man who had served in the navy, for the sailors could not stand by and see a very pretty row going on without taking a hand in on the side that appealed to them. The parents of only four soldiers and sailors appeared at the Memorial Day exercises and they were there because they are officers of the Grand Army or the Woman's Relief Committee.

Soldiers are coming home to Morris every day; all have seen active service, some being wounded. No time is lost in telling them of the ministers' action in regard to Sergeant Flood, and if they pray at all it is not in these churches.

### TO FIX GUILT OF WAR

**May Create State Court to Try Those Accused of Starting And Losing Conflict**

Berlin, June 10.—The Constitutional Convention has completed its consideration of a bill, creating a State Court which would try those accused of starting, lengthening and losing the war. It will be presented in the National Assembly soon.

The measure provides for a committee of 15 members of the National Assembly to investigate the political and miltary leadership of the country prior to and during the war, and requires the Government to produce any documents needed at the projected trial.

The court would be composed of 15 members, including the Presidents of the Imperial Military, Prussian, Bavarian and Hanseatic Supreme Courts, five members of the National Assembly and five Senators. The accused would be permitted to have counsel and would be given the privileges of testifying. Deliberations of the court would be secret and there would be no appeal from its verdict.

"The people demand an explanation as to who is guilty for the war, why it was not ended earlier and whether the baleful result could not have been partly or wholly avoided," says a statement which will accompany the bill when it is presented to the National Assembly.
